PROFESSIONAL SUMMARY

.NET Developer with 2.5 years of experience in building and maintaining web applications using ASP.NET MVC, .NET Core, Web API, Entity Framework, and PL/SQL. Experienced in both frontend and backend development, automating processes and improving system performance in manufacturing. Good at working with teams, writing clean and efficient code, and improving application speed and reliability by up to 40%.

TECHNICAL SKILLS

Languages & Frameworks: C#, ASP.NET MVC, .NET Core (MVC), Entity Framework, Web API, ADO.NET, PL/SQL,Angular(basic), JavaScript

Web Technologies: HTML, CSS, Bootstrap, jQuery

Database Tools: Oracle, MySQL, Toad

Version Control IDEs: Git, Bitbucket, Visual Studio 2019/2022

EXPERIENCE

Secure Meters Limited, Udaipur, Rajasthan: Software Developer & Executive 1 July 2023 – Current

- Designed and deployed scalable web applications using .NET MVC, .NET Core, Web API, and Entity Framework.
- Engineered backend modules in PL/SQL, optimizing data handling and reducing query response time by 30%.
- Resolved critical production issues through proactive debugging, enhancing application uptime.
- Documented technical workflows for system maintainability and team onboarding.
- Collaborated with Process analysts and stakeholders to ensure solutions met user expectations.

Secure Meters Limited, Udaipur, Rajasthan: Last Semester Trainee Apr 2023 – Jul 2023

- Developed dynamic and interactive user interfaces using .NET MVC, HTML, CSS, JavaScript, jQuery, and Boot- strap to improve user engagement.
- Gained proficiency in PL/SQL by creating stored procedures, functions, and executing CRUD operations.

PROJECTS

RGP/GP Project

Technologies: ASP.NET MVC, Web API, Entity Framework, PL/SQL, Oracle, jQuery, Bootstrap

A digital material tracking system developed to replace the manual RGP process across all Secure Meters locations.

- Developed and deployed a streamlined web-based solution to manage and track material movement between de- partments and locations in real-time.
- Implemented automated **GST Challan generation** ensuring compliance with tax regulations.
- Created stored procedures, functions, and triggers in PL/SQL for smooth data processing.
- Collaborated with cross-functional teams for UAT (User Acceptance Testing) and successfully deployed the module organization-wide.
- Designed interactive and responsive UI using jQuery, Bootstrap, and AJAX for better user experience.
- Improved efficiency by replacing the legacy manual RGP system with a robust, scalable .NET MVC-based module.

Custom Object Tracker

Technologies: .NET MVC, Web API, ADO.NET, Oracle, JavaScript, jQuery

Develop a precision-driven object management system to enhance organizational asset tracking

- Designed & developed a detail oriented tracking system with automated Object ID generation to prevent duplication and manual errors.
- Implemented Flexible backend architecture using ADO.NET for efficient CRUD operations.
- Created a responsive and user-friendly dashboard for synchronous asset tracking and monitoring.
- Conducted unit testing and performance optimization for smooth operation across departments.

Shift Performance Project

Technologies: .NET MVC, Crystal Reports, PL/SQL, Oracle

Develop an automated reporting solution to monitor and enhance shift-wise production performance.

- Developed dynamic Crystal Reports to display real-time data on shift-wise performance and production losses.
- Automated backend logic for plan vs. actual production analysis, ensuring data accuracy and transparency.
- Built an interactive reporting dashboard to assist managers in decision-making and performance tracking.
- Worked on enhancing the reporting dashboard by adding a loss calculation chart for better production loss analysis and shift performance tracking.
- Implemented data validation and integrity checks in PL/SQL to assure precise and consistent reporting turnaround time by 40%, improving operational visibility and response time.

EDUCATION

BTECH, Computer Science Engineering Graduating 2019-2023

Rajasthan Technical University 8.87 CGPA

Geetanjali Institute Of Technical Studies
